

**CCTV - The Benefits**

- CCTV systems will help you monitor your horses, stables, paddocks and vehicles
- Your staff are provided with a safe working environment
- Your site is protected from entry from unwanted visitors
- CCTV will prevent damage to your property and vandalism
- CCTV will prevent theft from your property

**Are your horses safe !!**

Can you monitor them during transit and protect their welfare?

Should you be monitoring them in vehicles, stables and paddocks?

Who is in the yard or tack room, should they be there?

Has an accident happened and you need to see why and how?

**CCTV in the stables**

**How can CCTV help me?**

**CCTV on the Move**

**CCTV on the Move**

- Achieved by the installation of a 7" dual input screen in the cab, this comes with either the choice of being surface mounted in the dash or using the metal monitor bracket.
- Cameras are mounted in the rear of the vehicle and cabled back to the monitor screen. The cameras are Infra Red and colour
- All items work on a 12v DC voltage, the monitor screen also comes with a cigarette lighter connector.

**New Systems from as little as £250  
Finance leasing available over 1 to 5 years**
